Electrified Solutions Installer partnership guide

Installer
guide

A new age of technology

It's time to embrace electrified heating solutions

We're glad you're working with us, and our growing range of electrified solutions, to introduce your customers to a new way of heating their homes.

From specialist training to your own dedicated local sales manager, it's an easy transition into electrified home heating tech with Worcester Bosch. And within this guide, you'll find all the support you need to get started!

Why Worcester Bosch...

End-to-end support

We've got your back – with marketing, technical, and design support.

Nationwide training

All you need to get trained up – wherever and however suits you best.

Tried and tested

Put your trust in decades of Bosch experience and expertise.

Welcome to the future of home heating

Section 1

Introduction

This guide is designed to walk you through the many ways we've got your back – product wise of course, but support, training, reward and wisdom wise too.

Each section takes you through the support available and gives you links to more in-depth information, assets, contacts, apps and expertise.

You can progress from here to get the full picture or simply jump to any section that currently really matters to you.

Rewards for you

The Worcester Bosch Loyalty Programme is our way of saying thanks – with rewards everybody can benefit from.

Heat pumps, hybrid heat pumps, air con, boilers and light commercial installations all put points in the bank, ready for you to spend and enjoy.

Worcester Bosch Loyalty Programme

Reap the rewards

[Back to contents](#)

Your programme

Convert your points to cash on a card and enjoy your time off the clock.

Your rewards

Make your job easier with brand new tools and better kit.

Your choice

Double down on your business with marketing, sales leads, and training.

The Worcester Bosch Loyalty Programme is designed to help you reap the rewards of your hard work, and it's a wide range of products that bring in the points. Heat pumps, hybrids, air con, boilers and light commercial installations tick the box too. By earning points for every registration, you can spend them on whatever means the most to you.

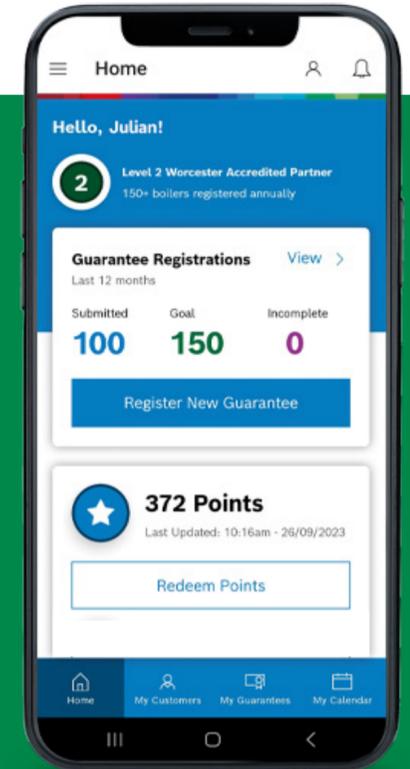

Whichever rewards you choose, the Worcester Bosch Loyalty Programme is our way of saying thank you for choosing Worcester Bosch for your customers.

[Sign up today](#)
